

Extract from Aids and You - free online book by Dr Patrick Dixon, published by Kingsway 1989, 1990, 2002

Free copies of latest edition of "AIDS ACTION" paperback books are available for organisations working in the poorest nations - while stocks last - from [ACET International Alliance](#) - or access text online here.

AIDS prevention works - we can stop the spread of HIV - lessons from Uganda - Video

[youtube:<http://www.youtube.com/watch?v=vCYAXv8WoqY>]

Comment by Dr Patrick Dixon to audience in South Africa about how corporations can help stop AIDS. HIV prevention can produce huge falls in infection rates in teenagers.

Unless something changes over 200 million men, women and children will die of AIDS. The epidemic is spreading faster than ever in the poorest nations, killing four times as many people every week as a decade ago. How can churches and Christian individuals save lives and care for those affected?

- The truth about AIDS
- How to stop the epidemic
- Questions people ask
- How to stay happy and healthy
- What to do if you are worried
- AIDS in your church
- The judgement of God?
- Unconditional love
- What should we teach about condoms?

- Why AIDS is a development issue
- What you and I can do to help today
