

[youtube:http://uk.youtube.com/watch?v=omvH3w6M5cg auto]Future is about emotion -- look at power of chat screens. Intense connection for students. Passion to connect with other people. Harness new technology in education syllabus. Video on future of education, high schools, colleges, universities, curriculum, trends, syllabus, exams, assessments, business schools, MBAs, degree courses - by Dr Patrick Dixon, [Futurist](#) conference keynote speaker for NAIS.

You cannot motivate people to learn - unless you understand what they are passionate about. Emotional intelligence is also vital in all [leadership](#) - insight into how other people feel, and what is important to them. Yet these areas are often neglected in formal education.
